

## Website locations for additional materials on Highland Farm Project and Running Path Gift from DAF

There are several documents on Highland Farm up on our website on the Board of Selectmen page. I put them up so long ago I'd forgotten, but I took this opportunity to add a few more. If you feel something is missing, please let me know and I can go through our files, then upload the requested document(s).

At the time of purchase everything was referred to as Ox Ridge, rather than Highland Farm.

To find the relevant documents use this link <http://www.darienct.gov/BOS> or go to:
