Concrete Foundation Documentation

Substitute House Bill no. 5180

Public Act No. 16-45 (see attached)

Starting October 1, 2016 Owner, Builder, Contractor, etc. will need to document for all new foundations the name of concrete supplier and name of the concrete installer.

This information is required for concrete used in foundations, not for site/hand mixed concrete and not for minor items like sonotubes for decks and the like.

This document will be retained in the Building dpt. files for (50) years.
