Compiled on July 20, 2008 by photogrammetric methods from aerial photographs dated April 3, 2008 at a scale of 1" = 300'. Ground Control and Triangulation supplied by James W. Sewall Company and its Connecticut State Plane MADC87 East and vertically MADC88. This map meets National Map Accuracy Standards for 1" = 40' maps with 1" contours. Standard procedure dictates that photogrammetric maps be indicated prior to use. Areas which are obscured by vegetation or physical features, contours and details may only be approximate. Areas of contour suppression are indicated by dashed contour lines.
