All,

Joe Pagliarulo has asked that P&Z Commission not go ahead with the public hearing on September 8, but rather, just immediately continue the public hearing to a Special Meeting on Tuesday, September 15.

We have checked with the Commission members as well as our peer review engineer Joe Canas, who can all attend on September 15. (one P&Z member cannot make it, but we'll still have 5 members present, so we're ok).

So, unless there is an objection, we'll proceed with the understanding that the hearing will not go ahead on September 8, but rather, on September 15.

Jeremy Ginsberg
Planning & Zoning Director
