Subject: 7 Eleven Proposal to replace Duchess

Please deny the request for the 7 Eleven Proposal. My family has been a resident since 1958 and my husband and I now live at Villager Pond Condo Association, 507 Boston Post Road.

I wonder if anyone has done a traffic study in this area. Twice last week we were backed up on Exit 13, south bound. Not only are there traffic concerns, but there are a multitude of reasons why this should be denied.

There are many local businesses in our area, restaurants, gas stations, salons, etc. To add 7 Eleven and its 24 hour service is a hardship that will be placed on many of us. Security is the most important issue to us at Villager Pond. Is 7 Eleven going to protect us from potentially a crime area? Are they going to provide and ensure that we are safe? I think not! There are many retired residents in our complex who are disappointed that this proposal may indeed be granted!

I am surprised and notably upset that you seem to be cavalier in this proposal. People who were on line this week to hear the report from P & Z , reported that the issue was brought up very late and not much discussed.

Thank you, Louisa and Jim Calka, 15 Pond Lane
